MOSQUE CARPET ROLL WITH PATTERN

EXAMPLE OF A MOSQUE CARPET ROLL WITH PATTERN

For better understanding, this picture shows how a design is printed and repeated on a full roll of carpet:

The carpet roll is approximately 25 metres long and 4 metres wide. The pattern is repeated 3 times across the 4 metre width of the carpet and numerous times in the length until the end of the roll. Patterns are designed in such a way that they match with the next roll in width or length.

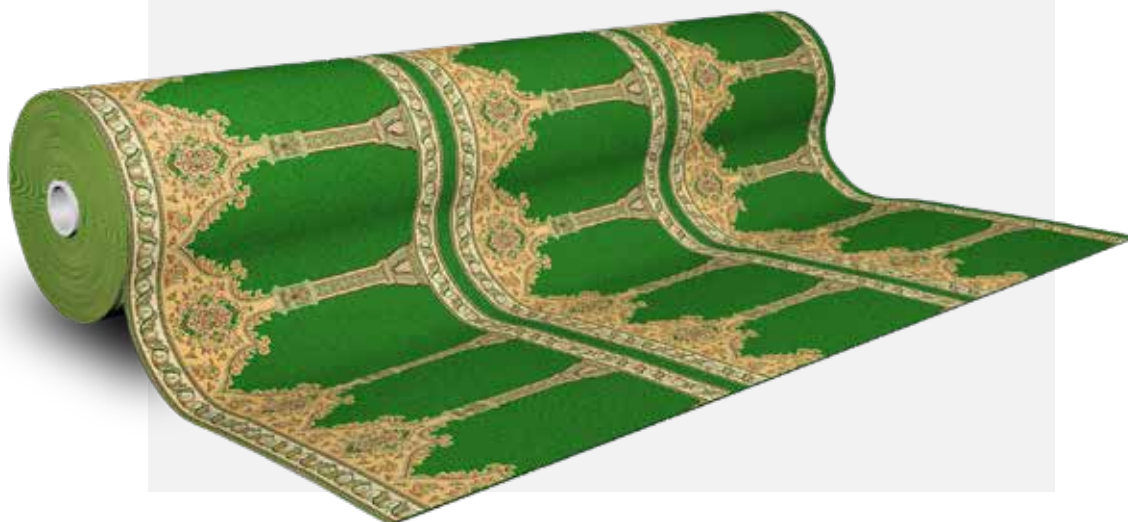

BEISPIEL EINER ROLLE TEPPICHBODEN FUER MOSKEE

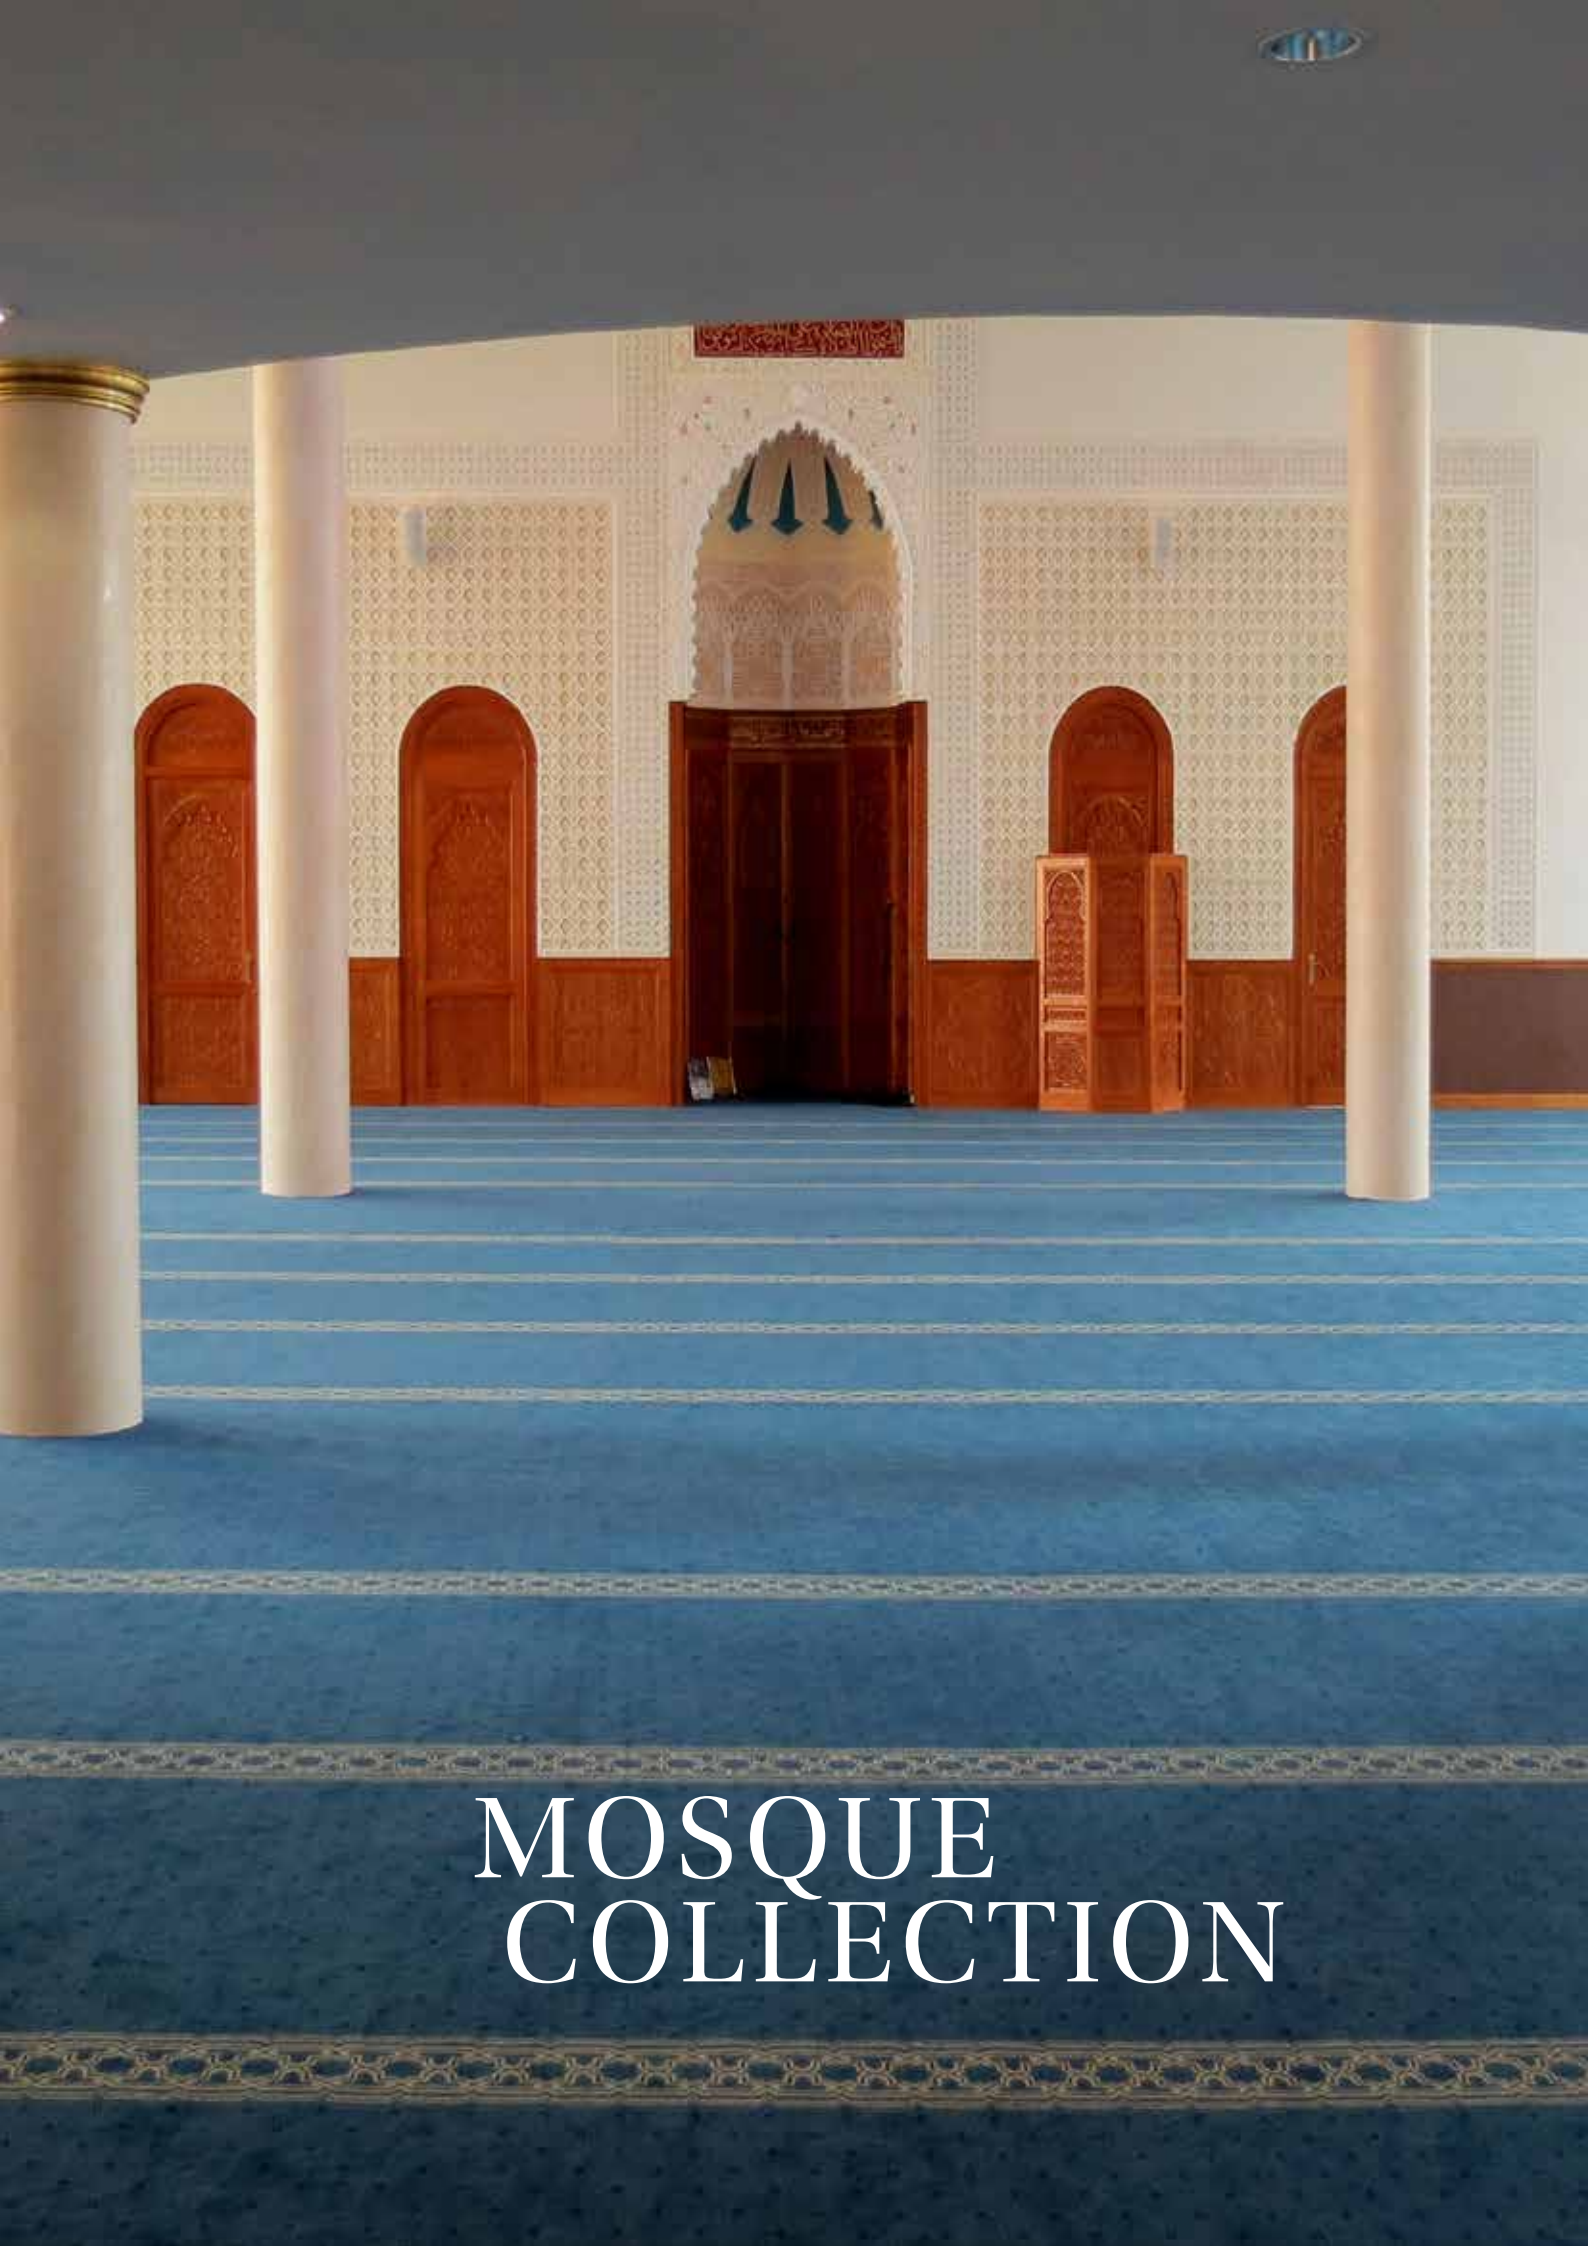

Dieses Bild verdeutlicht wie ein Moschee-Dessin innerhalb einer kompletten Rolle Teppichboden gedrückt und wiederholt wird:

Die Rolle Teppichboden ist ungefähr 25 Meter lang und 4 Meter breit. Das Dessin wird 3 mahl über die 4 Meter Breite des Teppichs wiederholt, und kontinuierlich über die ganze Länge der Rolle. Die Dessins sind so aufgemacht, dass die immer in Breite und Länge gut mit der nächste Rolle übereinstimmen.

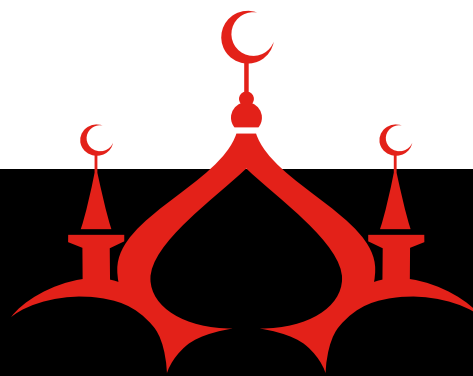

EXEMPLE D'UN ROULEAU DE MOQUETTE AVEC DESSIN POUR MOSQUÉES

Cette image montre comment un dessin est imprimé et répété sur un rouleau entier de moquette : le rouleau de moquette mesure environ 25 mètres de long et 4 mètres de large. Le dessin est répété 3 fois sur la largeur de 4 mètres, et est répété continuellement sur la longueur jusqu'à la fin du rouleau. Les motifs sont dessinés de sorte qu'il y ait toujours un bon rapport entre la largeur et la longueur avec le rouleau suivant.
